SETTING

Grove Boat-In Campground is accessible by boat from Laurel River Lake or by trail from Grove Campground. The campground sits at the end of two peninsulas, separated by a small bay. These campsites are favored by boat owners who wish to keep their boats at their campsite.

CAMPSITE INFORMATION

Most of the sites are near the water's edge, with moorings near each site. The sites are spaced well apart and provide a sense of seclusion. Each site has a tent pad, fire ring, picnic table, and lantern poles. Selfserve pay stations, water, and vault toilets are centrally located. There are no flush toilets or showers.

REGISTRATION

Campers are expected to register at the self-serve pay station. The sites are rented on a first-come, first-served basis. The campground usually fills on weekends during the peak camping season.

GROVE MARINA AND BOAT RAMP

Grove Marina is a full-service marina located within 1/2 mile of the campground. Campers can obtain rental boats, camping and fishing supplies, fishing licenses, and detailed maps of the lake. The marina is open year round and is handicap accessible. The phone number is 606-523-2323. A public boat ramp is located at the marina. Other nearby boat ramps are Flatwoods and High Top.

SWIMMING

The campground has no beach. Swimmers are welcome at the public beach operated by the U.S. Army Corps of Engineers. It is located at Laurel River Dam.

HIKING TRAILS

A service road connects the boat-in campground to Grove Drive-In Campground, which has several loop trails. Detailed information and maps of other hiking trails may be obtained at the campground entrance station.

United States Department of Agriculture Forest Service Southern Region Daniel Boone National Forest USDA is an equal opportunity provider and employer.
