

LAKE CATHERINE STATE PARK

Drive slowly along the winding scenic highway down to beautiful Lake Catherine. Catch a fleeting glimpse of graceful white-tailed deer in the forest-clad Ouachita Mountains which dominate the 2,240 acres of this popular lake park.

Many outdoor activities are available here, including fishing, water sports, hiking, horseback riding, and nature study. Plus, just 15 miles away is one of the nation's major resort cities, Hot Springs, including Hot Springs National Park with its world-famous "Bathhouse Row."

FACILITIES

Enjoy winter evenings in front of a cheerful fire in the fireplace found in most units. **Pets are not permitted in cabins.**

INTERPRETIVE SERVICES

Lake Catherine became a state park in 1937. It was developed by the Civilian Conservation Corps. Evidence of the CCC days can still be seen in the park today. A "Nature Cabin," located near the swimming beach, houses exhibits which relate to the cultural history of the park and its natural environment (open Memorial Day weekend - Labor Day).

During the summer months, park interpreters offer guided hikes, scenic lake cruises, nature talks and demonstrations, plus slide shows and movies at the park's outdoor amphitheater. Special programs including "Wildflower Walks," "Fall Foliage Tours," and "Eagle Awareness Activities," are held on weekends seasonally. Groups may request special programs to meet specific interests year-round. Groups are requested to schedule tours in advance. **Trails** ♦ Three trails, **Falls Branch, Horseshoe Mountain, and Dam Mountain**, ranging in length from 2.5 to 4 miles, offer visitors a closer look at the rugged Ouachita (Wa'-sha-tah) Mountains. A brochure describing these trails and interpretive programs is available at the Visitor Center and the Nature Cabin.
